Professional Summary

Frontend React Developer with hands-on experience building responsive web applications using React.js, JavaScript, HTML, CSS, Tailwind CSS, and Bootstrap. Skilled in developing reusable UI components and integrating REST APIs. Seeking a Frontend React Developer Internship or Junior Frontend Developer role where I can contribute to building modern web applications and continue growing as a developer.

Education

B.Sc. in Computer Science

Faculty of Computers and Information, Arish University (2021 – 2025)

Skills

Technical Skills: React.js | JavaScript (ES6+) | TypeScript | HTML5 | CSS3 | Tailwind CSS | Bootstrap | Redux | Context API | React Router | REST APIs | Responsive Design

Tools: Git & GitHub | Jira

Soft Skills: Team Collaboration | Problem Solving | Fast Learning | Adaptability

Experience

Frontend React Developer Trainee

Digital Egypt Pioneers Initiative (DEPI) – Ministry of Communications

Oct 2025 – Jun 2026

Developed responsive React applications, integrated REST APIs, built reusable UI components using Tailwind CSS and Bootstrap, and collaborated within an Agile team following clean code practices.

Projects

BlogVerse – Blogging Platform

[Live Demo](#) | [GitHub](#)

Developed a responsive blogging platform using React.js, React Router, and Tailwind CSS. Integrated REST APIs to display blog content, implemented client-side routing, and collaborated with

a backend developer to connect frontend features with server APIs.

Exclusive – E-Commerce Website

[Live Demo](#) | [GitHub](#)

Built a responsive e-commerce website using HTML5, CSS3, and JavaScript. Implemented product browsing, category filtering, and interactive UI components while optimizing layouts for desktop and mobile devices.

Restaurant Website

[Live Demo](#) | [GitHub](#)

Designed and developed a responsive restaurant landing page using HTML5, CSS3, and JavaScript. Created reusable page sections and interactive navigation with a focus on user experience and responsive design.
